| Notes: | <p>This program is targeted for third grade classrooms where they study Henry Ford and the moving assembly line. Steve will provide a 45-minute presentation to all the third grade classes and then the students come outside to see different types of Model T's. This is where we need other chapter members to bring their T's to show the students. Lots of questions, smiles and thanks from the kids. These events are so much fun! This is a joint event with the Casual T's. (We do not give rides for safety and insurance reasons.)</p> <p>Please join us!</p> |
